To Our Friends and Enemies.

Dear Friends, If we have any
and enemies, which we are con-
fident that we have, and too with-
out any cause whatever, except
jealousy.

We wish to correct a false re-
port and rumor circulated over
the country: and that is, that
the Editor of THE WORLD'S
CRESSET—Rev. L. S. Garrett
does not work any; and uses the
hard earned money of the men
working under him, for his own
great and good pleasure, and
lives sumptuously off of this
money every day, and leaves
them go hungry and ragged;
But he himself wears the best
of clothes.

First we wish to say that we
have always been a hard work-
ing man, oftentimes working at
night when the world in general
was wrapped in sleep and slum-
ber. But we shall not go back to
the dead past, But for the pres-
ent time of our present location.
My little family consisting of my
wife and two little boys and my-
self, came to the L. D. Caudle
farm on the 2nd. day of last
April two years ago. On the
morning of the 3rd, I and my
wife went to the woods to cut
cordwood, and 18 month follow-
ing, accept Sunday, we were in
the woods by daylight, and
many days we worked until the
stars came up. If you do not
believe this statement—We can
give the best of neighbors for
reference to the same fact.

Since that time our labor has
not been so great only in a busi-
ness manner. And yet we must
say that we have done several
hours work, and that to against
the will of our brethren. In re-
gard to us trying to bind any
one to stay with us is false, they
come and go as they feel about
it, but one thing we do say that
while they are here they must
be something near right, or

else we then ask them to go. And
as far as spending money for
fine clothes we have bought
nothing for several years we
have been wearing clothes that
has been worn by other men,
who thought enough of us as to
give us their worn clothes, which
we was glad to receive, and they
were good enough for us. And
glad have we been to get them.

Hoping that the readers of the
CRESSET will show this article
to all who may believe other-
wise, and then ask me for any
more information you may want.
And do not think we are a Ty-
rant until you learn the fact
that we are, and this we believe
you will never learn. Hoping
that this may set some false re-
ports right we beg to remain the
servant of our readers.

Japan like Britain, Refuses to
Associate herself with American
Action.

France fails to reply.
This Country stands Alone in
effort to settle Internal Troubles.

Washington, June 16. —Japan
has taken action similar to Great
Britain's in refusing to associate
herself with the American action
in asking the rival factions
in China to compose their differ-
ence it was said today at the
state department. No reason
was given for the action of either
nation, but it is assumed that
neither felt that the American
action would be successful.

Japan is known to resent that
the United States sent its note
to China feeling that it dis-
regarded the special position
Japan claims for herself there.
The whole question, from what
little is being divulged by the
state department seems to have
arisen from a series of misund-
erstandings.

As nearly as can be learned
the United States on June 4 ad-

dressed what is considered a
friendly note to China, asking
the two fighting factions to
compose their differences and
restore internal order. At about
the same time Great Britain,
France and Japan were invited
to take some steps toward the
restoration of order in China but
Japan at least apparently did
not understand that the Ameri-
can action had already been taken.

Japanese Doubly Disturbed.

Of June 8th the first public
intimation of American's actual
action came in a dispatch from
Peking, quoting the text of the
American note, given out
apparently by the Chinese
authorities. On June 9 there ap-
peared in the Tokio Asahi not
this real text, but a dispatch sent
from New York and consisting
of newspaper comment. The
Japanese were doubly disturbed
first, by the seeming direct
interference in China's affairs,
and, second, by the knowledge
that America had already taken
her action while negotiations
were apparently still under way.

Today, again from a foreign
source, comes the first word of
the original American suggestion
that other governments associate
themselves in the move to re-
store order in China. Great Brit-
ain is reported to have expressed
general agreement with Ameri-
ca's policy, but to view the sit-
uation from a slightly different
angle. Just what that angle is
not known, as the full text has
not been received here, and it is
doubtful, from the fact that all
information so far has come
from abroad, if it will be made
public.

TELLS WHY U. S. IS AT WAR.

Secretary Lane Speaks Before
Home Club of Interior Depart-
ment. WASHINGTON June 4—
On the eve of war registration
day, Secretary Lane made a
speech before the Home Club of
the interior department tonight
in which he addressed a word to
those who have not seen clearly
the reason for the country's call
upon its young men and in ring-
ing sentences answered the
question, "Why are we fighting
Germany?"

America is at war, Mr. Lane
said, in self defense and because
she could not keep out; she is at
war to herself with the rest of
the world, from the nation that
has linked itself with the
Turk and adopted the method of
Mahomet, setting itself to make
the world bow before policies
backed by its organized and
and scientific military system.

A Series of Sermons.

1st. CREATION and FORMATION.

"In the beginning God created
the heaven and the earth.

And the earth was without
form and void; and darkness
was upon the face of the deep.
And the Spirit of God moved up-
on the face of the waters.
(Gen. 1—1—2.)

Our Text sets forth our Sub-
ject in plain words. That is the
Text says that God created the
heaven and the earth, and that
the earth was without form and
void.

Now we must see, also, that,
"CREATION and FORMATION"
cannot be the same, when God
plainly tells us, that they are
not. And proves the fact, by
His works. For after He created
the heaven and the earth, and
darkness—Then God said; "Let
there be light and there was
light." Then we must say that
there was darkness, and there
was light, but the darkness and
the light was all mixed up thru
each other. Now this gives us
to understand that the darkness
and the light are both Created.

But it is also true that they
are not yet Formed.

Now then we shall read to
learn how light and darkness
was Formed, after they had been
Created.

And God saw the light, that it
was good; and God divided the
light from the darkness.

And God called the light Day,
and the darkness he called
Night. And the evening and the
morning were the first day."
(Gen. 1—4—5.)

The Reader must learn, that
God here formed the light into
a body and called it day, and
then formed the darkness into
a body and called it night.

Here is Formation of light and
darkness, after God had Created
them. And yet we must still,
understand that the earth is
without form. And we must
understand that the second day
passes, and the earth is still
without form. But when we
come up to the third day of God's
great Work Creation, Then we
learn that God forms the earth,
and tells us how. Please read.

"And God said, Let the 'waters
under the heaven be gathered
together unto one place, and let
the dry land appear: and it was
so.

And God called the dry land
Earth; and the gathering togeth-
er of the waters called he Seas:
and God saw that it was good,

And God said, Let the earth
bring forth grass, the herb
yielding seed, and the fruit tree
yielding fruit after his kind,

whose seed is in itself upon the
earth; and it was so.

And the earth brought forth
grass, and herb yielding seed
after his kind, and the tree yield-
ing fruit, whose seed was in
itself, after his kind, and God
saw that it was good.

And the evening and the
morning were the third day,"
(Gen. 1--9 to 13)

Here we have the earth made
vegetable and voyageable.

Here we have before us God's
work of forming the earth on the
3rd. day; after he had created
it—So we must know that Crea-
tion and Formation are not
synonymous terms, they do not
mean the same thing.

Dear reader in conclusion of
this our first sermon, on a series
of them, we wish to inform you,
that this is the foundation of
God's work of Creation and For-
mation—And when men hold
out the idea to you that Creation
and Formation, are the same be-
lieve it not, for in this sermon
you have God's own words for
it, that these two are not the
same.

And when men tell you and
try to teach you, that they mean
the same thing—Right then
they are leading you—or trying
to lead you on the foundation of
all trouble. It brings you into
the greatest evil, which God
says is the root of all evil—
Which is the love of money.

This has been the oppressive
power, ever since Satan was cast
out of heaven, and took up his
abode in the heart of the Gen-
tiles, the great Assyrian, who
was, and did belong to the Cre-
ated man, male and female.

From this standpoint of view
we trusting that the reader may
preserve every fact of scripture
contained in those series of
sermons, and see them linked to-
gether in a perfect chain of
Bible facts. Farewell for the
present.
